

TBEST 4.5 Training Workshops

Transit Boardings Estimation and Simulation Tool

Overview:

FDOT is sponsoring three **FREE** one-day training workshops to provide transit planners with hands-on experience utilizing TBEST 4.5. The TBEST software supports transit agency strategic and service planning activities including: ridership forecasting for TDP's, Comprehensive Operational Analysis (COA) Tools, FTA Title VI reporting, market analysis, network accessibility analysis, scenario comparison, and much more. TBEST also features full GTFS interoperability to streamline integration with operational networks.

What:

The training will cover TBEST 4.5 methods for ridership estimation model validation for TDP's and TBEST configuration at transit agencies.

Who Should Attend?

Transit Planners, GIS analysts, and anyone with an interest in transit service and strategic planning. Previous knowledge of TBEST and/or GIS applications is desired but not a requirement.

When:

- October 11th, 2018 – Lake City
- October 23rd, 2018 – Ft. Lauderdale
- October 30th, 2018 – Bartow
